

CO2 CONNECTION KIT

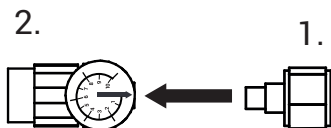

COMPONENTS:

1 	1. CYLINDER ADAPTER cod. RRDPA DT
2 	2. PRESSURE REDUCER WITH MANOMETER cod. RDTEC ODD1M11
3 	3. METAL FITTING 1/8 - 6 mm cod. OTTDM186
4 	4. TUBE 6 mm cod. MJGT6N

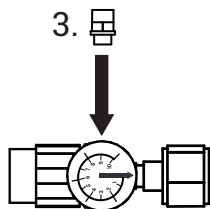

INSTALLATION:

A

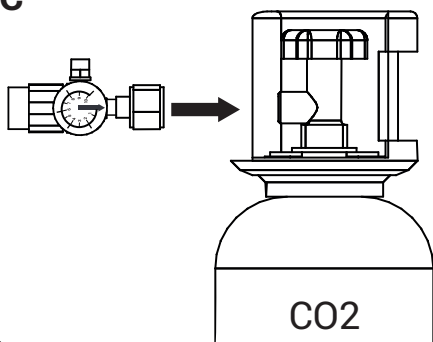

Connect the adapter (1) to the pressure reducer (2).

B

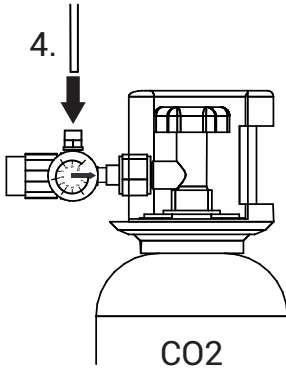

Connect the metal fitting 1/8(3) to the pressure reducer(2).

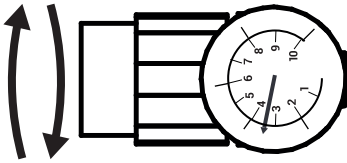

C

Now connect the adapter (1) to the (closed) cylinder.

**D**

Now insert the 6 mm CO2 hose(4). The hose comes out of the cylinder's pressure reducer.

E

Now open the CO2 cylinder and adjust pressure reducer as per system manual.

NB Remember not to lay the cylinder down
